## HOW ARE TEAMS FORMED

All Star cheerleading is an exciting, fast-paced and strenuous sport scored by a panel of judges. Our sport is broken down into competitive levels by age and ability level.

All Star Cheer is a sport that requires the highest levels of commitment. Scoring is based on the execution of tumbling, jumping, dancing, motion technique, stunting, performance and choreography. All are important in putting together a successful team.

Athletes will be placed on teams based upon their age and abilities in all of the above mentioned categories. Strengths and areas of growth are evaluated on the individual level but also what is best for the team. It takes all skill sets to make a great team.

We carefully and prayerfully consider each athlete and their team placement. Our goal is to place your athlete on a team where he/she will have fun and grow in his/her skills and character.
